PARTNERSHIP WITH THE VOLVO GROUP.

Two leading players in the commercial vehicle business joined hands in 2008 with a convergent vision of driving modernization in commercial transportation in India and developing world. Volvo Group, the world's leading manufacturer of trucks, buses, construction equipments and marine and industrial engines, brought its global expertise and world-class technology, while Eicher Motors brought its frugal engineering and deep knowledge of the developing markets. The mission of this joint venture – VE Commercial Vehicles Ltd. is to raise the standard of the commercial transportation industry and take it to a new professional level. Eicher, the flagship brand, is taking the lead in ushering in the future of Indian trucking.

For 30 years, we have maintained a great association with the government. An association that entitles full support in all of the government endeavors. Working together for a better future, we have given the best of technology and performance to our customers. Walking together hand in hand with the government has taken us to a whole new level. And it's our mutual commitment and dedication that has resulted in our strong partnership.

GLOBAL STANDARD MANUFACTURING PLANT.

The Eicher Pro Series has been designed and developed in a modern and high-tech manufacturing facility in Pithampur, near Indore. The next-generation engine plant, built in collaboration with the Volvo Group, not only manufactures Euro IV heavy-duty engines but also supplies Euro VI engines internationally to the Volvo Group.

ISO/TS- 16949: 2009 Complaint Eicher Manufacturing Facility (Automotive Certification)

EnMS- 50001: 2011 (Energy Management System)

ISO: 14001: 2004 (Environment Management System)

BS OHSAS: 18001: 2007 (EHS- Environment, Health & Safety)

GLOBAL TECHNOLOGY MEETS FRUGAL ENGINEERING.

The completely new chassis and assembly line have been built to balance high technology with frugal engineering. The state-of-the-art manufacturing process which includes a robotic cab weld shop, CED paint shop and a 100% hot test facility, ensures quality and reliability of international standards.

EICHER LMD SERIES

Eicher Pro1000 in the 4.9 - 15t GVW segment is the new enhanced LMD range for the value segment. These trucks have an aerodynamic cabin with new modern styling and value added features for comfort, convenience and easy drivability. They have the trusted and proven engine with mechanical pump giving best-in-class efficiency with very low maintenance cost.

EICHER PRO TROOP CARRIER & PRISON VAN SERIES.

Eicher Troop Carrier is one of the most profitable products of the Eicher Pro Philosophy. It offers best-in-class fuel mileage, faster trips and highest rated payload along with superior driving comfort. Its robust and rugged aggregates provide higher reliability, durability and lower maintenance cost. Aptly known as the Mileage Ka Badshah, Eicher Troop Carrier ensures high profitability and prosperity of its owner.

Eicher Water Tanker SERIES

Truck mounted non-potable water tanker works as a container for storing water. These are mobile water tanks deployed to distribute water in emergency situations where the normal system of water distribution is broken down or not available.

Truck mounted water tankers are used for different applications like transporting water for irrigation, fire suppression & industrial usages etc. Truck mounted water tankers are available in different capacities based on the requirements of customers.
