# BLAZO X

GIVES YOU EXTRA MILEAGE, EVEN MORE THAN THE BLAZO  
BECAUSE ONLY A BLAZO CAN BEAT A BLAZO.

★★★ GET MORE MILEAGE OR GIVE THE TRUCK BACK ★★★

PRESENTING THE  
**BLAZO**

After giving you the Mahindra BLAZO, India's highest mileage truck, Mahindra did not rest on its laurels. Instead, developed the new Mahindra BLAZO X, which gives EXTRA mileage, even more than BLAZO. Because only a BLAZO can beat a BLAZO! So, give your business the new Mahindra BLAZO X. More mileage or give the truck back. Guaranteed\*!

## THE BLAZO X REVOLUTION

### AHEAD OF THE REST

Mahindra's airless SCR technology not only meets the global standards to control emissions from heavy commercial vehicles, but also does so with a simple layout and lesser number of parts allowing drivers and engineers to access maximum benefit with minimal specialised training.

### THE SMART WAY TO SAVE FUEL

Mahindra has advanced existing technology with its innovative FuelSmart switches that have increased fuel efficiency as well as mileage.

### THE CRDe ADVANTAGE

Mahindra has always adopted a futuristic approach that is quite evident in their 10 years of experience in CRDe engines across 9 countries. A cost-effective technology that doesn't compromise on performance or reliability, Mahindra's CRDe engines prevail in every terrain that India offers.

The Mahindra BLAZO X BSIV with CRDe is tried, tested and proven time and time again all while challenging and changing the face of the Indian transport industry, and securing its spot as the badshah of BSIV.

## MILEAGE AND POWER AT THE TOUCH OF A SWITCH.

FuelSmart is automotive technology at its best, at its simplest. Developed by Mahindra to give your business a competitive edge, the FuelSmart switches let you choose between superior mileage and unmatched power as and when your business demands.

Turn on the Heavy mode when carrying full loads. Use the Turbo mode when transporting big loads over steep inclines. Or simply switch on the Light mode when running without load. Each mode squeezes the maximum efficiency from the mPOWER FuelSmart engine and gives you unbeatable mileage. This is the FuelSmart Advantage.

## THE HEART OF SMART.

Mahindra's mPOWER FuelSmart engine with 7.2 L displacement has a large heart with immense reserve capacity and a backing of 10 years of CRDe expertise. This engine, in combination with the multi-mode switches, delivers uncompromising performance. Giving mileage without short changing you when you need power, pickup or pulling ability. At the same time, this engine cuts down on emissions to give you cleaner, greener running for years to come.

## GET THE FUELSMART ADVANTAGE WHATEVER YOU TRANSPORT.

Whether you're in the business of delivering cement, food grains, blocks of stone or frozen food, Mahindra has a truck for every transport application. There are even cowl and chassis models to let you shape the truck to your specific need. And no matter which truck you use, you will always get the FuelSmart Advantage and a machine that gives you an unbeatable mileage guarantee.

### PERFECT FOR

# MORE SAFETY, MORE COMFORT, MORE TRIPS, MORE PROFITS.

Mahindra BLAZO X is one of the most comfortable trucks in India. It's built with the knowledge that drivers are the actual wheels of Indian transport and they spend half their lives inside the cabin. Which is why this truck comes with a host of features to make them comfortable and safe. Like the 4-point suspended cabin that truly enhances driving comfort. And the controls that are ergonomically located to reduce effort inside the cabin.

**TILT & TELESCOPIC STEERING**

The tilt & telescopic steering allows drivers to adjust the steering to their convenience. A wide windshield and large rear view mirrors provide greater visibility. And the anti-lock braking system ensures greater braking control even at higher speeds. In other words, this is a truck built for safe, fatigue-free driving which means fewer stoppages by drivers, more distance covered in less time and improved turnaround times.

**DRIVER INFORMATION SYSTEM**

The new Mahindra BLAZO X range also comes with a car-like Driver Information System (DIS) that gives critical vehicle information to the driver in real time. Apart from the engine RPM, temperature, speed and fuel levels, it has brake pressure, trip kilometre, diesel consumption per kilometre, battery voltage, service reminders and other important details.

**6-SPEED GEAR SHIFT**

**9-SPEED GEAR SHIFT**

**ANTI-LOCK BRAKING SYSTEM**

**COMFORTABLE SLEEPER BERTHS**

**COMFORTABLE 3-WAY  
ADJUSTABLE SEATS**

# TO OUTPERFORM, YOU HAVE TO OUTBUILD FIRST.

The Greenfield Plant in Chakan, one of the most advanced manufacturing plants in India, is where Mahindra trucks are built. Massive in scale, the Chakan Plant is also renowned for its attention to detail. Each vehicle is put together with robotic precision and utmost care to ensure the highest standard of reliability. A young, enthusiastic and very well-trained group of technicians ensure the quality of the vehicles that roll out from this plant. While its cutting-edge technology and sustainable practices make it a plant that's ready to give the world generations of outperforming vehicles.

LIFT AXLE WITHOUT FULL LOAD

BOGIE SUSPENSION

RADIAL TYRES

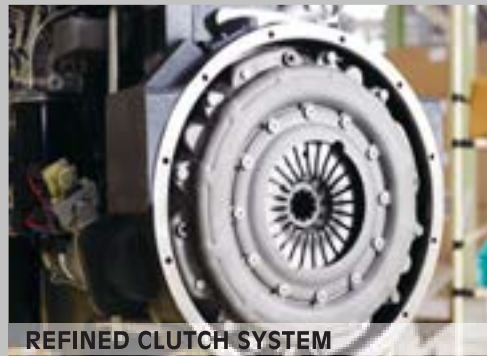

LIFT AXLE WITH FULL LOAD

We've anticipated the most unpredictable conditions while building our trucks. That's why these trucks have several features that deliver solid performance consistently. Like the **TAG/PUSHER LIFT AXLE** that reduces wear and tear of tyres no matter the load, no matter the road. A **BOGIE SUSPENSION** to help you negotiate different load and terrain conditions. A clutch with a 395 mm diameter and a heavy-duty gearbox to ensure safe and effortless driving. A strong chassis, reliable S-cam airbrakes with 10 bar pressure and rear leaf suspension make this vehicle extremely sturdy and reliable. A heavy-duty front axle has been fitted in for trouble-free operations for many years.

The design of all these aggregates is such that they are durable, deliver consistent performance and require minimal maintenance.

STRONGER CHASSIS FRAME

REFINED CLUTCH SYSTEM

EFFECTIVE BRAKING SYSTEM

# ABOUT MAHINDRA

The Mahindra Group focuses on enabling people to 'Rise' through solutions that power mobility, drive rural prosperity, enhance urban lifestyles and increase business efficiency.

A USD 20.7 billion multinational group based in Mumbai, India, Mahindra provides employment opportunities to over 200,000 people in over 100 countries. The Group operates in the key industries that drive economic growth, enjoying a leadership position in tractors, utility vehicles, information technology, financial services and vacation ownership. In Addition, Mahindra enjoys a strong presence in the agribusiness, aerospace, components, consulting services, defence, energy, industrial equipment, logistics, real estate, retail, steel, commercial vehicles and two-wheeler industries.

In 2014, Mahindra featured on the Forbes Global 2000, a comprehensive listing of the world's largest, most powerful public companies, as measured by revenue, profit, assets and market value. The Mahindra Group also received the Financial Times 'Boldness in Business' Award in the 'Emerging Markets' category in 2013.

## GIVE YOUR BUSINESS EXTRA PROFITS WITH OUR AWARD WINNING TRUCKS.

- 2017: CV and HCV of the year - BLAZO 37
- 2018: MHCV Tipper of the year - BLAZO 25

# GET MORE MILEAGE OR GIVE THE TRUCK BACK.\*

## INITIATIVES THAT GIVE EXTRA POWER TO INDIAN TRANSPORT.

**TOUR DE CHAKAN:** This is a one-of-its-kind initiative that presents customers a unique tour of Mahindra's state-of-the-art Chakan plant. So they can see the entire truck manufacturing process, the technology and quality control that goes into making Mahindra's trucks the outperforming machines that they truly are.

**D-EXCEL:** MTB is working with Indian Institute of Management Ahmedabad, in developing a program to provide guidance, new thinking and techniques to help transporters to improve their business and cover specific areas ranging from profitability to better customer experience, data driven decisions, people management etc.

**MAHINDRA TRANSPORT EXCELLENCE AWARDS:** The Mahindra Transport Excellence Awards turn the spotlight on excellence in the transport industry. Over the years, the awards have consistently widened their scope by adding new categories to recognise and reward excellence in many more areas of Indian transport.

**MPOWER:** Launched in association with IIM - Ahmedabad as the Knowledge Partner, MPOWER helps young professionals in the transport industry meet today's challenges and take their business to new heights. The programme has received widespread appreciation in the Indian transport industry and has seen over 200 young transport entrepreneurs completing the course.

**MPOWER WAR ROOM:** They say that learning isn't complete till it is actually applied. That's exactly the idea behind the MPOWER WAR ROOM. Through this programme, participants can present how they have applied their MPOWER learning and advanced their family transport businesses. The programme also gives participants an opportunity to learn from each other's experiences and build deeper ties with one another. Also conducted in association with IIM-A, the WAR ROOM has seen two editions and nearly 50 participants.

**MPOWER MENTORS SUMMIT:** This is a collective learning programme specially designed to empower the mentors of the Indian Trucking Industry. It offers industry veterans a platform to share their views on transport with other fleet owners, seasoned professionals and also interact with the IIM-A faculty to discuss and guide the next generation of transporters.

**SAARTHI ABHIYAAN:** Staying true to Mahindra's philosophy of 'Rise', Saarthi Abhiyaan, a unique social project was started. It supports truck drivers and their families through health camps, scholarships, driver training programmes and more.
